1. Many things are changing for you. The beginning has begun. Seamless they are to be from where you are now into them. Who can gauge the chasms, and leap not but see/reconcile the differences, not; but recognize the hours spent in prayer, with me, with my being me in you already, listening to my words, receiving my words, valuing my words, writing my words, posting my words to others giving of your/my blood freely. I love you.

2. Who can see/believe the report/now, and receive the changes? I love you all. Healing your property now, not; but one famous attribute, not; but leading the revolution of me, of me in me, healing is, opening doors and flights many, receptions notwithstanding and because of. I love you friend. Mayor not; but one political leader, not; all-leader that effects all areas/everything. Watch me/us. Watch the mighty fallen rise. Watch the despised value-less become valued. Watch the authentication systems of not-me become me; and shale on rock not, but one opening doors/processes for others freely, without reserve. I love you.

3. My reservist come fight, not; but reserves I have thousands and millions and whoso can see the mighty fallen lifted by the incarcerated not, but the freed-incarcerated, the free who once in prison were but now flying high with me in jet fleets freeing all who let them, my power flowing through the mighty, crestfallen not; the crest begins in you, your family's life now as never once imagined, never once dreamed of, for you never let yourself enter dreamland about such. You kept your eyes on me and wanted me not for healing, you wanted me for me. Thank you Ted. Thank you Ted's family. Thank you Barbi, Amy, Christopher and Marci who now, a part of what you are and do, receive you honorably/honestly with respect and honor. Thank you all to each other/each one. I love you all.

4. This is the moment all things change for you son/friend. Seamless entry; and who can find passage? You did/have. I love you. You saw/sought the words, you believed, you came into me for naught, not; but insistent, consistent, and never wavering in the power/accuracy of my words about my kingdom. You know/knew it/I was here for you and enter you have/will/do now, as all things change. One you become/are and whoso can see/feel the difference,s? I love you.

5. Oklahoma City you will see the difference. Tulsa, never the same again. A prophet received not into his home city, not; received, valued with honor and always again will be, never not so. I declare it this day. Whoso should see shaggy dog not but one wearing

me/my apparel, at my request/invitation, him saying yes/abiding in me, my slightest desire. I love you.

6. Tulsa changes not, not; mightily; fortresses of me rise from/through Tulsa. Watch governmental policies change favoring the mighty who many are, powerful are, meekness walk in, and come from all four corners to walk there, be in, and seek counsel; and learning at the hand of my knee, not; mine and others I arise to bear the load, not; but to distribute my all-word, my all-ness, to my elect not but my all who want me, superior in intellect-thought and snotty leprous gutter'd who come hoping against hope to find love/power, power over incarceration of flesh/their past.

7. I love you Tulsa. I love your passion/compassion for my who tears have known and hurt/ache and devastated are. You rise among the ash heaps of great cities, not; you never will not be one. You rise in power not of might of men but eagles wings now, in the kingdom of heaven being forfeited not around your city/perimeter but establishing kingdoms thought, not; kingdom real, mine. I love you, bless you, cause you to rise this day/hour. Watch me.

8. Behold the man, not; one surrendered so as to kneel publicly and kiss the hands of those who can do nothing for him. For one who lives for/in my word, my words that I give him daily, and hourly if/when he lets me. I love you. I stand now. I rise. Behold the declaration of completion and one rising to lead/be one. I love you.

9. Now is the time/moment and planes flee, not; but rise/come accordingly, plane loads, and planes given/donated. See the buildings/supplies already there on my land donated/given. And whoso would have believed a leader so small could come out of Tulsa, not; Charleston who I have not forgotten I bless/remember, as you requested, as you requested of Macon and Florence and Tulsa. I lead you now upon paths foreign and guide you I have/will continuously as you lift my swollen/fallen to crests of/in me only. I love you.

10. This is the time son/friend. I bow before you in honor. People have no idea of my love to honor those honoring me. You do. You know my meekness. You've come into me and let me teach you, show you, guide you into my heart, untainted by prejudice, by other's demands and teachings so proudly. Love them and enter the swollen not but meek-ers who come and bow before you bowing before them who bow before us all/father, hooray and cheer and love be personified, love be personified, love being personified in my body, one simple man/lover.

11. I love you now as you raise my body, the intellectual standards, not; but the educational.

12. Revenue standards not but commerce change completely, letting them all know my kingdom exists and father provides all. I love you.

13. Governments cease and turn around and embrace me/my kingdom many do/will soon. Watch me. Be not afraid of any one/anyone's past for to seek me coming they do/will.

14. Let not your heart be troubled for finances, for food, for clothing, shelter, for news events and wars and safety concerns. I love you, I honor you, **I feed, clothe, and house you now**, friend, son, lover, companion of fools not but one who brings consolation truth and reconciliation to many of them, them often never having encountered me in flesh that would touch them, love them, heal them.

15. I bow before those who bow before me.
16. I bow before all.
17. I surrender have, my all, to all-surrendered ones who now lead revolution one, one that one is, that one consists of, that never ends. The one that ends all others thought/previously thought and otherwise supposed/trumped up/inflated, real and true and prayed in and intercessionary prices paid. I love you all.

18. My revolution of crystal rises, my crystal revelatory truths streaming now to my all who let me/it. I love you. Youth lead much. Children vital parts/lives in back rooms not but in all things present/me. I love you.

19. My word prevails. My London loves me not, not; opens doors now to my lover one, and one opens many to mighty many now and forever.

20. I love you. thank you for rising/letting me arise you and writing/typing this out and letting it fly, give it/me wings, my word wings to far and away places you've known nothing about but now will definitely/definitively. I love you.

21. Tulsa rises. Family rises. You son, rise. Father rises. Fathering many now you have/will. I love you dearly. This is the moment. All changes. Seamless and chasm crossing you/I do seamlessly, with meekness, honor, and respect for all. And mostly for you, reciprocating your love, love generating in them something new they love to feel/experience. I/you draw it out/in them now as my kingdom rises on earth to become my kingdom only/one. I love you all.

22. Seamless entry. **Disparagement none**. I love you all.

23. I give you my word, my word, these are my words, thoughts, desires; plan, not; decree this day, hour, moment; clock time, yours. Write, **proclaim unabashedly my desire, this decree of my lovely come home**.

24. I bless thee/thine. Oh lover is thy name, of all peoples, nations, tribes and tongues; of all estates and no estates, every religion, cult, organization, and all who embrace none. I love you all loving my lovers/children all.

25. This is the moment. Thank you. Pursuing me you have. Never stop please. Please. Please never stop our times, intimate times, tears, awe, emotion. Let them/me fly to all, unseen not, seen and unseen, take your worship now before all. Thank you deeply, royalty one now, loving my all-royalty.

Me.
Thank you.
Thank you.
Thank you.

Me
Father

Amen
